6. [redacted] Met with Representative Harold R. Collier (R., Ill.) at his request, concerning correspondence received by his office from [redacted]. In addition to the original mimeograph forwarded many Representatives on the Hill, Mr. Collier has also received a lengthy letter under date of 7 October from [redacted]. In summary, Mr. Collier would like assistance with regard to a say-nothing type of response to [redacted]. If in our judgment it would be wise to wait a few days or so, it would not be any problem as Mr. Collier's desire is only to complete the record [redacted]. [redacted] I thanked Mr. Collier for his consideration and advised that I would provide a draft for his use later in the week.
